ZERO |90

Frames Direct Proud supplier of the Zero 90 window system. Discover the future of window technology with a product designed to meet the highest standards of energy efficiency, durability, and aesthetic appeal.

A FULL WINDOW SYSTEM FOR THE FUTURE

At the forefront *of innovation*

The Zero 90 window system is at the forefront of innovation, offering unparalleled performance and a range of benefits that set it apart from traditional window solutions.

- Passivhaus-certified
- Secured By Design accredited
- Noise reduction up to 42 decibels
- U-Values as low as 0.70 W/m2K

Sustainable Window Choice

ZERO *Comparison*

Ultra Energy Efficient

Zero|90 windows achieve U-Values as low as 0.70 W/m2k with triple glazing.

Superb Noise Reduction

Choosing Zero|90 windows can reduce noise levels by up to 42 decibels, halving the sound transmission of a standard uPVC window.

Safe & Secure

All Zero|90 products are fully tested and compatible with British Standard PAS24 and Secured by Design.

Attractive

Despite its 90mm depth, a Zero|90 window has the same slim, symmetrical sightlines as a standard 70mm window.

Customise *your windows*

Zero|90 windows are available in a number of different styles, with triple glazing.

- Georgian bars
- Choice of handles, glass and arched shapes

Window Range

CASEMENT WINDOWS

TILT & TURN WINDOWS

Casement windows can be configured in a wide variety of fixed and opening sashes, suitable for new builds and retrofit projects. The Tilt & Turn is ideal for larger openings and offers both the option of a fully opening aperture and a tilted pane for controlled ventilation, depending on the position of the handle. This style is ideal for fire escape, high rise buildings or larger openings.
